

April 2026 Prayer Guide

SOUTH ASIA

Praise for thriving churches. The Lord has enabled one ministry partner to establish several vibrant congregations among one large unreached people group in South India. Pray they each continue to multiply, bringing honor to the Lord and a strong witness to the lost.

Pray for protection of our church planters, disciple-makers, and their families. Pray for 35 new second-generation leaders who are serving in villages and are receiving training two days a month for the next six months. Praise and pray for the 100-plus Muslim-background believers who obeyed the Lord through baptism.

CENTRAL ASIA

Pray for Christians living in Muslim-led countries. Hostility toward Christians often increases when war takes place in Muslim-led countries with people taking revenge against Christians. Pray for peace, stability, and safety for our ministry partners and wisdom for government leaders during this difficult time.

Pray for a new work in the mountains. One of our ministry partners started a holistic work of tutoring children in an unreached village far from civilization. Pray for the Lord to use this community development outreach for the youth's good and His glory.

EAST & WEST AFRICA

Pray for Disciple-Maker training. Pray for God's anointing and leading for trainees in various countries to become fruitful disciple-makers, planting multi-generational churches in the Sahel, across Africa, and beyond.

Pray for the war to end in Sudan. Sudan is headed into its third year of destruction of its people and country. Ask for God's intervention to stop the senseless fighting so the nation can start the immense task of rebuilding.

SOUTHEAST ASIA

Pray for outreach to collegians. One young collegian heard the Gospel from one of our church planters and put her trust in Jesus. When her Muslim family learned about it, they forbade her from contact with Christians or the church. Pray that the seed planted in this young woman continues to grow and that her family also comes to faith in Jesus.

Praise for village library ministry. Our ministry partners start libraries in many Indonesian villages to help children develop a love for reading. The libraries also provide a platform to enter otherwise closed villages. Pray these libraries become a place of learning and transformation, and where many in the community have the opportunity to encounter God's love and hear the Gospel through the programs and services offered.

EAST ASIA

Pray for pastors in prison. Pray for courage, encouragement, and protection for the many pastors and other Christians who are imprisoned for their faith and doing hard labor.

Pray for God's intervention. Pray for the Holy Spirit's working to help government leaders as well as prison guards to believe the truth of the Gospel and put their trust in the Savior. In the process, might they make it easier for Christian ministry.

MIDDLE EAST & NORTH AFRICA

Pray for peace in the Middle East! Pray for an end to the war. Ask God to bring peace, protection for civilians, wisdom for leaders, and comfort for the suffering. Also, pray for protection over our ministry partners and their families. During this time of chaos, pray for many to come to faith in Jesus as the true Messiah.

Pray for open hearts during difficult times. Pray that amid uncertainty, fear, and loss, many people would seek hope and truth in Christ. May this difficult situation in Arab countries open hearts to the Gospel, and may believers have boldness, compassion, and wisdom to share the Good News with love.
