

May 2026 Prayer Guide

CENTRAL ASIA

Pray for an evangelistic couple. Pray for protection for one partner couple who travel far and wide on the Silk Road to encourage isolated believers, gathering them into small groups, and helping them understand Scripture.

Praise for a believing family. Hindu parents went to many shrines and spiritual healers seeking help for their demon possessed son. They heard about our partners and went to them for prayer. Within a month, the boy was completely healed. Our partners also shared the Gospel, and this family became the first in their village to follow Christ.

SOUTHEAST ASIA

Pray for younger believers in the Mekong Church. Vietnam has 3,321 wards or communes, and our partner has a vision to see a local church established in each one. Pray for this bold goal — that God would raise up leaders, open doors, and make a way for the Gospel to take root in every community.

Pray for believers facing troubles. Pray for believers who face rejection, loss of rights, and exclusion from their families and/or communities, that they will be strengthened and prepared to face every risk in following Jesus Christ. Might they truly “count it all joy.” James 1:2

EAST ASIA

Praise for the underground Church. Thank God for believers who take great risk to worship together in the privacy of someone’s home. There is no distance in the Spirit and as we pray, the Spirit fills them with unspeakable joy and peace.

Pray for God’s intervention. Pray for more freedom of religion in China. This will take a miracle, but we know our God is a miracle-working God!

SOUTH ASIA

Pray for effective training times. Ministry leaders bring together their field workers at various times throughout the year and especially in May for a few days of training in discipleship and evangelistic outreach. Participants come together to learn, get questions answered, and receive prayer for their ministries. Pray that they return to their places of ministry refreshed, encouraged, and better equipped to serve our Lord.

Praise for how God uses divine healing. Our South Asia partners share about people coming to faith in Jesus Christ when a loved one is miraculously healed from an “incurable” disease. Praise that many of our partners, not only in South Asia, often share stories of God’s healing power.

MIDDLE EAST & NORTH AFRICA

Pray for peace in the Middle East! Pray for the people and especially the children affected by war. Ask the Lord to grant believers peace and protection, and draw them closer to Himself in these difficult times, and for non-believers to come to faith in Jesus.

Pray for Christians facing persecution. Pray that they take comfort from the Lord in His Word and that God would strengthen their faith, protect them, and fill them with courage and hope as they endure the challenges. Pray too for protection and wisdom for ministry workers as they share the Gospel in adverse surroundings.

EAST & WEST AFRICA

Pray for more workers. Pray for more laborers to serve in the ministry fields, that the harvest may be preserved and cared for well.

Pray for peace in Sudan and South Sudan. Pray for the Sudanese and South Sudanese refugees in Uganda, especially now that some agencies have cut food support. May God provide for them, protect them, and open ways for humanitarian assistance. Pray for many to call on God for help and as they see His provision, to come to faith in Jesus Christ.
