

September 2026 Prayer Guide

MIDDLE EAST & NORTH AFRICA

Pray for more church planters! This request fits all of our regions! Opportunities abound; people are seeking the Truth. Pray for more laborers for the harvest.

Praise for faithful believers. Even when churches are being forced to close and pastors are kidnapped, believers we work with are standing strong in the Lord via home gatherings, zoom meetings, personal visits, fasting and prayer.

Pray for online discipleship! Pray for God's direction for online disciple-makers to find people whose hearts He has prepared and for seekers to come across the disciplers' website and make contact. The Holy Spirit is using this avenue to bring individuals in inaccessible regions to come to faith in Jesus.

CENTRAL ASIA

Pray for outreach workers. Pray for the safety, wisdom, and effectiveness of ministry teams as they travel to villages encouraging believers and serving vulnerable communities.

Pray for Holy Spirit transformation. Pray that God's Word would continue to transform lives, bringing forgiveness, healing, reconciliation, and deeper faith among those being disciplined through our ministry partners.

SOUTHEAST ASIA

Pray for ministry leadership. Leading a ministry where anti-Christian sentiment prevails takes a toll on those in leadership. Pray for leaders' deep walk with the Lord, strong marriages and families, and good teams serving with them. Pray that God would bring a strong, godly person to lead the ministry in one of the SE Asia countries where we work. Pray for God's provision.

Pray for growth. Pray for believers being trained by our ministry partners to share the Good News, that they would confidently learn, remember, and communicate the stories and truths of Scripture and for God to use them to build His Church.

EAST ASIA

Pray for pastors in prison. As pastors are arrested and taken from their congregations and families, ask the Lord to encourage them and those they left behind. Pray for opportunities to share the Gospel, and for their soon release.

Pray for churches missing their pastor. Pray for congregations whose pastors have been arrested for their faith. Pray they will not be discouraged. Pray for courage and the joy of the Lord.

SOUTH ASIA

Praise for God's working. India has become more closed to the Gospel, with Christians beaten and killed. But praise God! despite this, He is drawing people to Himself like never before! Pray for protection of Christian workers.

Pray for outreach in new areas. Pray for churches and ministries working among communities that have had limited access to the Gospel. Ask God to prepare hearts, raise up local leaders, and bring many people to saving faith in Christ.

EAST & WEST AFRICA

Pray for new workers. Pray that God will raise up persons of peace, disciple-makers, translators, and local leaders from people groups where we minister. Pray that many will receive Christ and help bring the Gospel to their communities.

Pray for divine intervention. Ask for the Lord's intervention to end the senseless killings and destruction in Sudan. Since the war began in April 2023, nearly 13 million people have been displaced and live in refugee camps. Lift up believers, churches, ministry workers, and seekers. Ask God to frustrate violent plans, comfort grieving families, heal affected communities, and build His Church through it all.
